City Council Meeting of 2/15/2010

Agenda Item: "K" - New Business

Originating Department:
Public Works

Subject:
2010 Street Patching Program - Phase 1
Project Initiation

Action Requested:
Resolution

Council Goal:
Improve mobility and infrastructure

Include Cover Sheet: ☐

Legal: Item Reviewed by Legal Counsel

Executive Summary:

2010 Street Patching Program - Phase 1 - Project Initiation

The action before the Council is the adoption of a resolution regarding the 2010 Street Patching Program - Phase 1, which involves ordering construction, setting a hearing date on the plans, specifications, form of contract and estimate of cost and setting a date for the taking of bids on the project.

The 2010 Street Patching Program - Phase 1 involves repairs to concrete streets including pavement removal, subgrade repairs and PCC patching including a few sidewalks & driveways. This project will target the older neighborhoods located in the NW and SW quadrants of the City. There will be a total of 53 patches completed in these areas including 3 intersections and 2 intake reconstructions, as shown on the enclosed location map. The following is the list of intersection reconstructions:

- * SE 3rd Street and SE Grant Street
- * SW Kline Street and SW 2nd Street
- * SW Franklin Court and SW 2nd Street

Given the harsh winter, it is anticipated that the pavement damage and potholes will be substantial this spring. To address this unusual situation, it is proposed that a second phase of street patching be completed this year. Once the streets are clear of snow and the frost is out of the ground, public works will survey the damage and develop a repair plan. Pending council approval, this second project will be bid later this spring.

The Council actions will allow for the following schedule for the bidding phase of the Phase 1 project:

1. Set Date of Bid Letting and Public Hearing - Feb. 15, 2010
2. Publish Notice of Hearing and Letting - Feb. 26, 2010
3. Bid Opening (10:30 A.M., City Hall) - Mar. 9, 2010
4. Public Hearing and Award Contract - Mar. 15, 2010
(Hold Public Hearing on the contract documents and estimate of cost, review bids received, award contract and approve contract & bonds)

Pending council approval after the hearing, the construction is anticipated to begin this spring. The project will have a construction completion date of September 30, 2010.

Fiscal Impact: Yes ☒ No ☐

The estimated cost for this project is \$428,000 including contingencies. The funding for this project will be from General Obligation Bonding included in the Capital Improvements Program under the Annual PCC Street Patching Program.

City Manager's Recommendation:

It is recommended that the Council take the following action:

1. Adopt Resolution ordering construction and setting the bid letting date as March 9, 2010 and the public hearing date as March 15, 2010 for the 2010 Street Patching Program - Phase 1, in accordance with the Notice to be published.
